Diabetes in 2018: Challenges, Decisions and Actions

An interactive, case study focused workshop applying evidence to clinical decisions in diabetes management.

Additional Content in form of a Sponsored Symposium by Bayer on Testosterone Deficiency in Men with Type 2 Diabetes

Saturday 24th November 2018

Royal Society of Medicine

1 Wimpole Street, London W1G 0AE

Introducing your speaker

Mr Paul Dromgoole

RGN, RNMH, MSc Diabetes, PGCE

Clinical Lecturer – Diabetes / Diabetes Specialist Nurse

Paul Dromgoole is well known nationally for his diabetes educational work and his sessions are consistently very highly evaluated by attendees.

All delegates will receive

- A set of lecture notes available for download for delegates' personal use
- A certificate for your appraisal portfolio

Course Accredited for 4 hours CPD

Meet the Speaker ...

Dr Jonny Coxon BM BCh MA (Oxon) MD MRCS MRCGP DRCOG FECSM

Dr Coxon qualified in 1997, at Oxford University. He has been a GP partner in Brighton since 2009. He had previously pursued a Urology career, mainly based around St George's Hospital in London, where he also acquired his MD degree through some prostate cancer research, working in a research unit also involved in sexual function issues. He has maintained this interest in sexual function and Urology (including prostate disease).

He has also completed an extensive training programme under the European School of Sexual Medicine, and acquired his Fellowship of the European Committee of Sexual Medicine (FECSM) qualification. Both of these stand him in good stead to continue to address issues of sexual function in both men and women.

He is a Trustee of the Sexual Advice Association, and is Secretary of the Primary Care Urological Society. He sits on the committees of the British Society of Sexual Medicine and the Primary Care Testosterone Advisory Group, and on the editorial board for the journal Trends in Urology & Men's Health.

Mr Paul Dromgoole RGN, RNMH, MSc Diabetes, PG Cert Ed

Paul has over 18 years' experience in diabetes management in Primary Care and Secondary Care Settings in Brighton, Leicester and York and more recently worked as a half-time Lecturer Practitioner in Diabetes at the University of York teaching on diabetes programmes from Pre-Registration up to Masters Level and an External Examiner for the University of Ulster.

He has extensive experience of supporting General Practice in clinical decision making and best practice in diabetes management and his teaching sessions and workshops are consistently highly evaluated for their clinical content, delivery and application to 'real-life' clinical practice.

Paul now combines a 2 day a week role as Clinical Nurse Specialist - Diabetes, with freelance Lecturing work with a variety of organisations including GP Training companies.

His interests with diabetes are particularly around managing clinical risk, patient empowerment and guiding effective health behaviour change.

Your Learning Agendas ...

Diabetes in 2018: Challenges, Decisions and Actions

An interactive, case study focused workshop applying evidence to clinical decisions in diabetes management.

We are keen that the focus is on YOUR clinical dilemmas and that you leave this meeting with strategies that may help!

At the end of the session, delegates will have gained:

- A greater understanding of positioning of glucose lowering therapies within a ranges of patient 'profiles'
- A broader understanding of complication risk factor management in diabetes
- Awareness of the challenges and medico-legal issues around diabetes in those of childbearing age
- Further strategies to help convey messages of risk and benefit of intervention in Type 2 Diabetes
- An opportunity to discuss your diabetes related challenges and dilemmas and to take 'home' solutions!

Programme ...

8.45-9.15am **Registration, Coffee & Exhibition**

9.15-10.00am **Dr J Coxon Testosterone deficiency (TD) in men with type II diabetes - an underestimated link!** Highlighting the importance and the benefits of managing hypogonadism with testosterone replacement therapy (TRT) in this patient group

This symposia is
organised and funded
by Bayer Plc

10.00-11.30am **P Dromgoole Diabetes - Part 1**

11.30-12.00am **Exhibition & Coffee**

12.00-1.30pm **P Dromgoole Diabetes - Part 2**

1.30pm **Conference closes**
