Edgbaston, Birmingham B16 0AA**

AT THIS EVENT

- Listen to Key Local and National Speakers
- Update your knowledge on Anticoagulation
- Receive a Certificate for your Appraisal Portfolio

Meet the speakers ...

Professor Ahmet Fuat PhD FRCGP FRCP (London)

Professor Ahmet Fuat has been in general practice in Darlington since 1986. As well as being a GP, postgraduate tutor and PCT cardiology lead, he also works as a GP specialist in cardiology and for 12 years has run an integrated heart failure service across primary and secondary care. Holding a PhD from Durham University he is an active researcher in cardiology and honorary senior clinical lecturer in the School of Medicine and Health at Durham. Recently he was awarded an honorary chair in Primary Care Cardiology from Durham University School of Health, Medicine and Pharmacy.

Professor Fuat sits on the editorial boards of both the BJC and PCCJ, and is an active member of the BCS. He is a tutor on the Bradford postgraduate diploma in cardiology course and chairs and lectures in cardiology nationally. He has served on the NICE and ESC guideline development groups on heart failure and myocardial infarction respectively.

Professor Fuat has been instrumental in setting up a National GPSI Forum in Cardiology, recently re-named the CVGP. This Forum now boasts a hundred members who support each other and meet regularly in clinical symposia.

Dr Will Lester

Consultant Haematologist, Queen Elizabeth Hospital and Birmingham Women's Hospital

Senior Clinical Lecturer University of Birmingham

Lecturer for the National Centre for Anticoagulant Training

Dr Ritesh Dua
GP Hereford CCG and GPSI in Cardiology

Dr Ritesh Dua has been a GP at Weobley & Staunton Surgeries for 6 years. He also is a GPwSI in Cardiology working in the Cardiology Department at Wye Valley NHS Trust, and is the Urgent Care Lead for Herefordshire CCG.

Dr Dua drove for implementation of the DVT care pathway in Herefordshire.

Dr Neil Smith MB, ChB, FRCP, FRCPath
Consultant Haematologist, Heart of England Foundation Trust

He is a Clinical and Laboratory Haematologist with interests in all aspects of haematology, including thrombosis, thrombophilia and haemostasis for which he is Departmental Lead, blood transfusion and haemoglobinopathies. He undertook research in immune thrombocytopenia (ITP), immuno-haematology and blood group genetics.
