3 hours CPD**

Course delivered by Primary Care Ophthalmology
Course Providers of high quality, practical,
focused Ophthalmology training to primary care
GP's and Practice Nurses
www.primarycareophthalmology.co.uk

Meet the Speaker ...

This event is run in association with Primary Care Ophthalmology a training organisation, who provide high quality, practical, focused training to primary care GP's and Nurses, covering all you need to know to provide eye care in the community.
primarycareophthalmology.co.uk

Dr Anup Shah BMBS DRCOG MRCOphth MRCGP PGCE (Health)

Anup Shah trained in Ophthalmology obtaining his Membership to the Royal College of Ophthalmologists in 2006.

He obtained his Membership to the Royal College of General Practitioners in 2010.

He now works as a GP Principal in Hertfordshire and a GPSI in Ophthalmology with the Moorfields Eye Hospital.

He is a Trainer in Primary Care with the East of England Deanery.

Your Learning Agenda ...

Background

"Eye problems account for 1.5% of GP consultations in the UK with a rate of 50 consultations per 1000 population per year" (RCGP Curriculum Statement 15.5). In primary healthcare, one has the opportunity to home in on preventable causes of blindness with only limited tools available. Key to GP, the history is often underestimated and can provide your diagnosis with the "opening gambit".

A formal measurement of visual acuity and competent use of the ophthalmoscope can reveal all the necessary signs to either manage the eye complaint or coordinate effective and appropriate care with other specialist eye services.

Objectives

The workshop will expand upon the knowledge and skill of current GP eye care by providing a practical, thorough and time efficient approach to the eye patient that the GP can immediately put into practice.

Programme ...

9.30-10.45am	How to approach the eye patient in General Practice
10.45-11.15am	Break and Promotional Presentation TBC
11.15-12.30pm	A concise summary of eye problems in the young, middle aged and the elderly
12.30 pm	Webinar Ends
