Introducing your speaker

Mr Paul Dromgoole RGN, RNMH, MSc Diabetes, PGCE

Clinical Lecturer - Diabetes / Diabetes Specialist Nurse

Paul Dromgoole is well known nationally for his diabetes educational work and his sessions are consistently very highly evaluated by attendees.

Meet the Speakers ...

Mr Paul Dromgoole RGN, RNMH, MSc Diabetes, PGCE

Paul has over 20 years' experience in diabetes management in Primary Care and Secondary Care Settings in Brighton, Leicester and York and more recently worked as a half-time Lecturer Practitioner in Diabetes at the University of York and an External Examiner for the University of Ulster.

He has extensive experience of supporting General Practice in clinical decision making and best practice in diabetes management and his teaching sessions and workshops are consistently highly evaluated for their clinical content, delivery and application to 'real-life' clinical practice.

Paul now combines a 2 day a week role as Clinical Nurse Specialist in Diabetes, with freelance Lecturing work throughout the UK.

Outside of work he is a keen Scuba Diver and PADI Dive Instructor and now proud owner of a classic 1947 BSA Motorcycle!

Marc Evans

Dr. Marc Evans is a consultant physician in diabetes and endocrinology at University Hospital Llandough in Cardiff, Wales. Previously, he was a consultant diabetologist at University Hospital Llandough and the University Hospital of Wales, and a lecturer in diabetes and endocrinology at the University of Wales College of Medicine.

Dr. Evans has considerable involvement and interest in ongoing medical education related to diabetes care and has published more than 200 articles, book chapters, and abstracts. He is currently Editor-in-Chief of Diabetes Therapy. Dr. Evans has multiple ongoing academic and clinical interests, including the pathophysiology of vascular disease in type 2 diabetes and the clinical physiology of the natural history of type 2 diabetes. He is also interested in the health economics of diabetes care and health outcomes in people with type 2 diabetes.
