Introducing your speaker

Mr Paul Dromgoole RGN, RNMH, MSc Diabetes, PGCE

Clinical Lecturer - Diabetes / Diabetes Specialist Nurse

Paul Dromgoole is well known nationally for his diabetes educational work and his sessions are consistently very highly evaluated by attendees.

Meet the Speaker ...

Mr Paul Dromgoole RGN, RNMH, MSc Diabetes, PGCE

Paul has over 20 years' experience in diabetes management in Primary Care and Secondary Care Settings in Brighton, Leicester and York and more recently worked as a half-time Lecturer Practitioner in Diabetes at the University of York and an External Examiner for the University of Ulster.

He has extensive experience of supporting General Practice in clinical decision making and best practice in diabetes management and his teaching sessions and workshops are consistently highly evaluated for their clinical content, delivery and application to 'real-life' clinical practice.

Paul now combines a 2 day a week role as Clinical Nurse Specialist in Diabetes, with freelance Lecturing work throughout the UK.

Outside of work he is a keen Scuba Diver and PADI Dive Instructor and now proud owner of a classic 1947 BSA Motorcycle!

Your Learning Agenda ...

Diabetes Case based Learning Workshop Series

This 3 part Case Based Learning (CBL) Workshop Series explores a variety of diabetes related case scenarios, in order to assess the current clinical presentation, consider options for management and arrive at conclusions and short / longer term goals and targets.

Equally, importantly, they aim to consider strategies for patient engagement and participation in their self-care behaviours. The 3 workshops will build from issues around diagnosis, acceptance and early therapy options, to more advanced treatment options and finally diabetes acute and chronic complications management.

Delegates should feel more empowered and confident, with clinical assessment and decision making in diabetes, with its multiple treatment choices and be able to further build on their strategies for patient engagement.

The evidence discussed within these workshops, will be supported by verbalised or slide references for further reading and exploration if required.

Diabetes CBL Workshop Series

Diabetes CBL Workshop 1: Diabetes Diagnosis and Early Intervention

- ▶ Exploring issues around 'correct' diabetes diagnosis and differential diagnosis, early treatment options
- ▶ Supporting patient acceptance and concordance through early intervention and messaging.

Workshops 2 +3 will be held on 5/3/2022 and 21 /5 2022.
