### Meet the Speaker ...

## Dr Yasmin Husain

 MBChB, BSc, MRCGP

Yasmin has been practicing as a GP for 25 years.

She is currently working two sessions a week in a Practice in Birmingham.

She started her career in safeguarding in 2014 as a "Safeguarding Champion" for Birmingham Cross City CCG.

She became one of the Named GPs for Birmingham and Solihull CCG Safeguarding team in 2018 and does five sessions a week. As part of this role she has responsibility for the Learning and Development programme in Birmingham and Solihull and has therefore been very active in providing training for all Primary Care Staff- clinical and non- clinical.

She designs bespoke presentations depending on the audience and their safeguarding learning requirements. She is also a Clinical Educator for the IRISi Domestic abuse programme which is a collaboration between Primary Care and Women's Aid in England and a trainer for Prevent (radicalisation).

She understands the learning needs of Primary Care Staff through conducting Safeguarding reviews into adult and child deaths and cases of neglect.

## Your Learning Agenda ...

### Bruising in Children? Non-Accidental Injury

Having bruises can be a normal part of childhood but it can also be a sign of abuse. So, how can we tell the difference and what actions do we need to take if we suspect abuse?

#### In this Level 3 training I will cover:

1. Recognition of the pattern of 'everyday bruising' in children
2. Recognition of how inflicted bruising in children differs from everyday bruising
3. How to record your findings
4. Understanding the notion of a 'sentinel injury' in child maltreatment
5. Other non-accidental injuries and cutaneous mimics
6. The effects of COVID lockdown on the incidence of bruising and its recognition
7. The developmental consequences of physical abuse and chastisement in childhood
8. Where to find evidence-informed guidance on bruising in children
9. What action to take when you are considering or suspecting child maltreatment (NICE CG89)
10. Where to obtain advice when you are concerned about a child with a bruise
