- A certificate for your appraisal portfolio

Course Accredited for 2 hours CPD

Introducing your speaker

Dr Julie Oliver MRCGP GP Durham GPwER Gynaecology

Meet the Speaker...

Dr Julie Oliver MRCGP

Completing her medical degree at Leeds, she endeavoured to pursue a career in Obs and Gynae. A twelve-month post working at the prestigious Royal Victoria Infirmary in Newcastle consolidated her desire for this career path, until it dawned on the fresh-faced junior doctor, that her sleep would be interrupted for the rest of her working life.

A swift change to General Practice soon followed, along with marriage and two children. However, the desire to do more women's health continued and she passed the RCOG diploma, DFFP, letters of competence in coils, implants, medical education and finally Bradford's postgraduate diploma in gynaecology.

Following graduation from Bradford, she was part of a team setting up the Primary Care Women's Health Forum and now chairing that organisation, which helps spread the word across the Primary Care Community of changes and developments. Having persuaded the PCT to pay for her training, she then found the opportunities to work within the PCT had disappeared, so set up a company called "Durham Gynae", to deliver a community gynaecology clinic. She enjoys training colleagues in women's health and travelling, but mostly getting 8 hours uninterrupted sleep.

COURSE CODE 1684

Your Learning Agenda ...

Menopause-What's new since last year
